2022 Basketball Intramurals

Mission: To focus on and promote a fun program that teaches and reinforces basic basketball skills, teamwork, and good sportsmanship. Open to all students in grades 1-4.

Opening Clinics/Evaluations: March 14th – 20th - The first week's clinics will be used to not only teach the players but also to evaluate the players basketball abilities. After the opening clinics, coaches will select teams with the goal of equitably distributing players based on talent level to ensure competitive games. Games will be played following the clinics in week 1.

Format: After the first week we will have a 60 minute clinic and a 30 minute game on the same day for each grade/gender. However, the clinic will be held in between the two games at each level. That way you do not have to wait around if you play the second game. You will either play your game, then have a clinic, or you will have your clinic followed by a game. This reduces the time commitment to approximately 90 minutes per night.

Games: Games will begin the week of March 21st. Each grade/gender will be divided up by coaches to try to evenly distribute talent. Games will be played immediately after the 60 minute clinic.

Skill Development: Clinics will be led by knowledgeable coaches (Clinic Coordinators) with experience in teaching skill development. Clinic Coordinators will be assisted during the clinics by Clinic Coaches who will also be the game coaches of each of the grade/gender teams. Clinic Staff will also include junior high or high school athletes who will work with the players during the clinics and will then referee the games.

Volunteers: Help is needed from parents to serve as coaches, and we encourage you to volunteer to assist the program. If you have previous coaching experience and would like to help by taking a Coordinator position, please register on the SSPP Athletics website (www.spps.siplay.com). All volunteers must have completed "Protecting God's Children" before participating in Evals/Clinics/Games.

Intramural Season: March 14th – May 5th. Each grade (1st – 4th) will have 5 clinics and 4 games. See the Thursday e-Envelope or www.spps.siplay.com for the schedule.

Cost: Intramural program cost - $35. This also includes a reversible jersey.

To register, please go to the Saints Peter & Paul Athletics website at www.spps.siplay.com by Thursday, March 10th.
