

Dear Sir or Madam,

The Fort Bend Gridiron Football League has been a part of our local communities for over 10 years, with a single mindset of ***“Building Character and Community Through Youth Football”*** and providing athletes with a ***“Smarter, Safer Way to Play.”***

When Bucky and Tracey Richardson started our league a decade ago, they created an organization with the mentality that all children in our communities desiring to play youth football should have the opportunity, and through their involvement, we could help provide the youth of our community with the necessary tools for them to become successful young adults.

A lot of excitement regarding our league exists within Fort Bend County. We believe it is primarily because of how we differ from other youth sports organizations. The key differences of our league are that it is a zoned youth football league, where the team on which you play, is the same as the high school to which you are zoned, and the fact that it is our unique culture to support the local high school football teams and booster clubs within our communities. Often, the same kids will go on to play for their middle school and eventually high schools.

The league strives to align its goals and mission with the local school district wherever possible, creating and building a “small town” feel where kids grow up wanting to become a future Panther, Longhorn, Ranger, Falcon or Charger and play under the lights on Friday night. Our organization believes that kids going to school together should be playing football together and building a trust and friendship that play a key role in building a community. Once your athlete leaves our organization and continues their career in high school, we offer them additional leadership and volunteer opportunities within our organization.

The goal of Fort Bend Gridiron Football is to teach these kids to appreciate the game, to learn sportsmanship, accountability, the importance of teamwork and the value of hard work, to learn and master the basic fundamentals, and to get our players to push themselves to make them and those around them better and have fun while doing it. Our goal is that by the end of every season, each child has a passion for the game, has strengthened their character and cannot wait to put the pads on again next year.

Fort Bend Gridiron Football looks forward to remaining a pillar of the respective communities, bringing children and families together, and fostering the development of the participants.

It is our hope that our league can help build a strong foundation for the children in our community, in not just football fundamentals and skills, but in conflict resolution, accountability,

Fort Bend Youth Sports Association

sportsmanship, self-reliance, and the value of hard work. Our hope is to prepare our boys for life and help give them the base they need to be upstanding members of our community.

The support the league continues to receive from good people across the county is remarkable.

Without community support and financial contributions, our league would not be able to positively impact so many lives.

Fort Bend Gridiron Football is a Section 50(c)(3) charitable foundation and we are always in need of donations and support. If you, your employer, friends, or businesses you are friendly with would be willing to help contribute to the success of the league and the development of our youth, we would welcome the support. **We are in need of both League and individual Team sponsors.** On our website, you will find forms for League and Team sponsorships. There are minimum dollar amounts for each level, but we welcome any amount in excess of the minimums. Also, if you would like to contribute to our organization in a monetary amount below these sponsorship levels, or would like to sponsor other expenses such as equipment, field usage, jerseys, etc. or donate such equipment, please contact us directly or use one of the attached forms to designate your desires.

Thank you for taking the time to learn more about the Fort Bend Gridiron Football League and we ask that you help support the youth of our community by supporting us and our mission.

Mission Statement:

Building Character and Community Through Youth Football.

To positively influence the lives of young men, strengthening their character and making them more productive members of our community by teaching them an array of life skills through the medium of youth football.

With Warmest Regards,

The Fort Bend Gridiron Football League, Board of Directors
