**Our Mission**

Our mission is to prepare our student athletes for life. There is a better way to play tackle football, and we believe that we have found the right mix of competitiveness and safety. Integrity, respect, sportsmanship and safety embody the Gridiron Football experience. We teach fundamental skills in a safe structured environment that allow the kids to focus and school, community, and family first.

**Our Core Values**

Gridiron founded this league on the principles of ***“Building Character and Community through Youth Football”***. The lessons learned through youth football will last a lifetime, far after the wins and losses fade away. Lessons like hard work, discipline, mental toughness and team work, these are the character traits we are trying to instill in the players that come through Gridiron.

We promote a **“Smarter, Safer Way to Play”** by partnering with USA Football.

We promote a **“small town”** feel by partnering with local middle school and high school coaching to help with summer camps and local booster clubs.

The success of the Gridiron Football League depends solely on registration fees and sponsorships. These fees defray ongoing costs, including, but not limited to, field usage, referees, EMT and security personnel, player jerseys, coach's shirts, practice equipment, game-day equipment, and insurance.
