

2021 CAL Basketball Preliminary Registration Form

January 2, 2021

Depending upon how conditions evolve with the current health crisis in our region, we hope to be able to offer a modified CAL Basketball League beginning in February and running until the end of March. While there are many uncertainties presently, it seems that those parishes and schools that are interested and able to begin the formation of teams should do so, perhaps planning to begin practices as current state guidelines allow for indoor scholastic sports to practice. While the permission to schedule games has been granted, current state guidelines do not allow for games to be played at the present time. In addition, there is a ban on interstate games being played that has not been lifted as of yet.

Toward the goal of opening up a basketball season we are asking our interested parishes and schools to submit the following information below which will serve as a preliminary registration form. Please note the registration fee will be \$450 per team.

Also, at this point in time let us assume the following: Parishes and Schools will compete against each other on teams of a single gender only; There will not be different leagues for Division 1 and Division 2 (all children of eligible age will compete against each other as is done in other CAL sports); and the anticipated dates at this time are: February 6 & 7, 13 & 14, 20 & 21, 27 & 28, March 6 & 7, 13 & 14, 20 & 21, 27 & 28 (all dates are subject to change as conditions may dictate).

The deadline for submission of this preliminary registration form is January 20, 2021. It can be faxed to 942-6771 or emailed to Jo-Ann Angell at [jangell@dioceseofprovidence.org](mailto:jangell@dioceseofprovidence.org)
