

WILDCAT FOOTBALL

Welcome to the West Ranch Wildcat Football Family. We appreciate how overwhelming the transition to high school can be. We hope the information below assists you in the process of participating in West Ranch High School Football. If you still have questions, please do not hesitate to email us at registration@westranchfootball.org.

There are many components that go into running a high school football program. Athletics are no longer funded by the school. Your full sponsorship payment and participation in fundraising are what allows the program to operate. Program volunteers are also essential for our program's success. We welcome all who can give their time to help the program and your son's team.

The Wildcat Football Program is 100% funded by the sponsorships and fundraising received from all players. All the money raised goes directly to providing all levels with equipment, uniforms, weight room, food, bus transportation, supplies, photos and banquets. To meet these goals for all players the Wildcat Football Boosters, a non-profit organization, raises all the funds each season through your sponsorship and fundraising. All parents are invited to take part and be involved in West Ranch Football.
