I. Introduction of Current Board- Casey

II. Football Season Recap- Jack/Adolfo

85 football players this year, with 4 teams – cubs, rookies, sophs, JV

- a. Coaches – Cubs coach, B. Savage, and JV, J. Fiala, coach in attendance
- b. Overall season recap
- c. Potential for adding flag football next year (1st & 2nd graders) to increase numbers. GEFJA brought this up two years ago. Bringing it up again this year to consider for next year.

III. Cheer Season Recap- Rachael/Nicole

75 cheerleaders this year

- a. Coaches 1 coach in attendance, A. Lowell, rookies team
- b. Overall season recap – grow the program, stunt training for girls, more coaches trainings, new uniforms and streamlining the process. Different vibe this year with cheer practicing separate at Cherry Valley. Suggests to next year board to open registration early next year since cheer numbers are dependent on football numbers. Volunteering was done this done different with concessions being handled by cheer and football handling sidelines and booth. Feedback from coaches that it was very well done and less mishaps this year. Next year consider committee heads as there are people that want to volunteer but not be on the board or a team mom.

IV. Treasury Report- Tony

- a. High level profits and losses recap

Refer to Treasurer Report 2018 handout.

More money from Microsoft to come in.

More money from concessions to come in.

We did very well this year. Declining numbers but we are still positive and managing to save money. We need the surplus to save for helmets and large expenses that happen every 5-6 years. Biggest expense next year will be helmets will need to be refurbished about \$5600.00. We are definitely in a health position. It is cheaper to practice at big rock field due to the field manager cost, bathrooms to be open, and generator lights. We worked hard to get a footprint at the Big Rock field but we are opening to step away to get better times. The city has promised to get the heads of the groups that use the field together to come up with more equitable field use agreement for next year.

V. Q & A

Questions posed to rookies coaches. – Feedback for the year.

- Have more pre-season coaches meetings prior to the season started.
- Definitely need an equipment manager
- Pre-season coaches meeting to bring all teams on board

What are the numbers looking like for next year.

- We are not the only program with numbers in decline. We are looking to field 5 teams if the numbers from this year return. We are looking to advertise more. With the addition of all the new homes and possibly adding flag football we are looking to have numbers increase in the next few years.

Question posed to coaches – Do we hand out enough gear.

- Yes we are providing adequate gear. Highly recommend doing a gear deposit next year. This year we only had 3 people not return gear on time.

Ideas to promote the program

- A frame sandwich boards
- Flyers to schools
- Back to school nights
- More social media presence
- More community presence at local events like the SNVLL jamboree
- Duvall Days parade/booth
- Punt Pass event in the spring

How did we fair the season with injuries?

- GEFJA no longer requires a safety coordinator so we don't have numbers to hand out. Rookies reported 2 injuries, cubs said they fared well with only bumps and bruises, JV said they fared well as well.

Large team vs small team and managing the substitution rules of GEFJA was a learning curve.

Casey McKelheer – president – leaving
Jack Madigan Co Director of Football – leaving
Nicole Dice – Co Director of Cheer- leaving
Rachael Lingerfelt – Co Director of Cheer – leaving
