

CYBSA Code of Conduct

First and foremost, Centennial baseball and softball are here for one purpose, the players on the field. All of elements of this Code of Conduct are to support this mission.

Players: Play the game

Coaches: Coach the players

Umpires: Call the game

Fans: Root on their team and refrain from any other role listed

- I will support all coaches, as they are volunteering their time solely for my child's enjoyment
- I will support decisions made by my child's coaches, regarding playing time, batting order, defensive positioning, and game decisions, in front of my child
- I will not address my child's coach regarding anything which occurred during a given game until 24 hours has passed, unless positive
- I will inform my child's coaches if my child will be absent or late, in a timely manner
- I will not argue any call made by an umpire, as I understand it is the coach's responsibility
- I will not make any comments regarding an umpire's call from the spectator areas
- I will not blame an umpire for the outcome of a game or even a specific call, in front of my child
- I understand that umpires are human beings and will make mistakes
- I understand that umpires have no rooting interest and are there as an impartial arbiter
- I will not address an umpire, on or off the field, unless it is to compliment or thank them
- **I will remember my child is playing baseball or softball for THEIR enjoyment, not mine**
- I will demonstrate sportsmanlike behavior and provide an exemplary example to not only my child, but all players within the league
- I will promote and support the enjoyment of the sport for my child, above winning
- I will not address anyone from an opposing team, player, coach, or fan, with anything but positive comments
- I will cheer for my child and team and never say anything against another player or team

I agree with and will follow all aspects of the CYBSA Code of Conduct. I understand this list is not exhaustive of everything which may violate the spirit of the Code of Conduct. I understand any violation of this could result in suspension or expulsion from CYBSA.
