

What is USA Quickball?

Quickball is literally "Quick Baseball" or "Quick Softball" – a national youth sports program that teaches diamond skills in a fast-paced, sandlot setting!

Quickball helps managers and coaches get kids of all skill levels actively involved in a non-stop training sport that rewards hustle and teamwork.

What makes Quickball such an effective program is its action-packed curriculum and developmentally-appropriate equipment. Regardless of size, shape or age, any player can learn, compete and succeed in Quickball games!

Quickball also embraces national P.E. standards and makes kids move – a must for any youth sports program in today's war on childhood obesity.

For years, Quickball has been recognized by industry leaders (MLB, Cal Ripken, Sr. Foundation, RBI, etc.) as a superior way to teach baseball and softball in a fun, simple and inclusive way.

Teamwork, skill development and physical fitness – Quickball grabs the attention of young people and lets them experience the most rewarding aspects of life on the diamond!
