

Field Maps

In order to help facilitate spacing requirements for players and spectators we are implementing the following procedures.

- Gray areas below are general spectator seating areas. Please space out six feet between groups.
- Red areas labeled team bench will take up the entire baselines. One family member will be allowed to stay with a player's belongings in this area. Six foot spacing is required between players.
- Bleacher seating will be arranged by the coaches on each team. Up to four family groups can be seated in these areas per team.
- T-Ball families and spectators will need to maintain six feet spacing between groups. Your T-Ball player will come sit with you when they are up to bat to help them get ready.

****REQUIRED****

Submit Event Attendance

Completing our attendance form each time that you are at any LABC event helps us continue to serve our players and families in a safe manner. Completion of this form is required for all individuals attending each event whether a practice, scrimmage or a game.

This information is being collected electronically to ease submission and to avoid transferring papers and other items from one individual to another. Information submitted shall only be provided to the local health district, if requested for contact tracing.

Use the QR Code or the link below to complete the form on a smartphone. If you are unable to complete the form, please find someone else at the fields that can help submit the attendance form.
