

## Baseball financial Assistance Request

In order to ensure that all kids are able to participate in HDYB, we would like to provide an opportunity for parents/guardians to request financial assistance for their child(ren). Financial assistance is available to help cover the cost of registration and uniforms.

If possible parents and guardians are asked to pay what they are able. However, we realize that at times it is even hard to come up with a small amount; however, any amount you can pay is appreciated.

Please fill out the information below and return to a board member as soon as possible. A new form needs to be completed for each child.
