AAAA 18U

AAAA 16U

- b) Household numbers are used only to determine categories teams are eligible to participate in. Teams may request higher classification if so desired. A team at a lower household category may be classified at the classification of a larger household category at its request.
- c) For purposes of classification, the number of households will be based on Canada Post data. Each Affiliated Association must define which postal codes are contained within their Local Associations' boundaries. Urban centres will use the FSA (first three digits of the postal code) and rural centres will use all 6 digits of the postal code. The information must be filed with the OBA Office by April 1, 2012 and updated as necessary every three years thereafter. If an Affiliated Association fails to comply with this requirement, the Competition Committee will decide whether or not the Affiliated Association's teams will be eligible to be classified, and if so, will determine the classification of the teams. The Competition Committee's decision is final and may not be appealed.
- d) The number of households added to the household count of a team by an import player(s) will be determined as follows:
- Each urban postal code will add the highest count associated with the LCW, LB, SS, RR, or GD (as defined by Canada Post) for the FSA in which the players reside.
 - Each rural postal code will add the highest count associated with the LCW, LB, SS, RR or GD (as defined by Canada Post) for the postal code in which the players reside.
 - The import player household count adder will be calculated as the average of the household counts determined in the prior two steps. (Note: this will determine a single number that will be used as an adder for each player residing outside of the Local Association postal code(s), regardless of whether they reside in an urban or rural postal code. This number will be revised every 3 years by March 31st, in the same year that Local Association postal codes are eligible for changing).

- iv) The import player household count adder will be recalculated with the update of the Canada Post information on which it is based.
- v) Canada post data will be updated annually by March 31st.
- vi) Where two or more Local Associations within the same Affiliated Association combine their players to field a single team, they may apply to have the combined household counts considered as the base amount for the Local Association registering the team, rather than applying the import adder count for each player from the other Local Association(s) involved. Application must be made to the Classification Committee by June 1st. The addition of the household counts from the neighbouring Local Association(s) must be applied to all teams classified by the designated Local Association.
- e) If any Local Association feels it has a circumstance that does not fall under the provisions of R4.01a) to d), it has the right to appeal to the Rep Division.

- g) The Affiliated Association must submit with classification the maximum number of teams it will allow to participate in each category.
- h) The OBA Office shall immediately forward the Affiliated Associations' proposed classifications to the respective Series Chair, who shall be responsible for ensuring that all information provided for each team in the Series is complete and correct. The Series Chair shall ensure that each team is properly classified and review the potential number of entries in the individual classification playoffs.
- i) The Classification Committee shall consist of the Overall Series Chair and the Series Chairs. The Classification Committee shall meet on the week-end following the 2nd Monday in July to review classifications. A Series Chair may make recommendations to the Classification Committee to change a team's classification. This applies to all classifications AAA through D. If the Classification Committee decides to change a team's classification, the Local Association and the Affiliated Association shall be contacted by the 3rd Monday of July and advised of the change and the reasoning for the change. The Local Association and/or the Affiliated Association shall have until the close of business on the Friday immediately preceding the July Rep Council meeting to appeal the change.
- j) The Classification Committee shall provide each Affiliated Association with a preliminary listing of classifications by the 3rd Monday of July. If there are any discrepancies, then the Affiliated Associations must report them to the OBA Office by the close of business on the Friday immediately preceding the July Rep Council meeting. Upon receiving any reported discrepancies, the OBA Office will notify the Series Chair and the classification report will be amended as necessary for presentation to the Rep Council.
- k) The Classification Committee shall present its recommendations, together with any appeals, to the Competition Committee at the July Rep Council meeting. The Competition Committee shall resolve any appeals.
- l) The decision of any Affiliated Association with respect to whether a team is, or is not classified, prior to the opening of discussions by the Classification Committee on the classification of all teams in the respective series, shall be deemed final by the OBA.
- m) Where required for classification purposes, the Affiliated Association must submit to the Classification Committee (on a form approved by the Rep Council) the schedule and results of the teams in any league play, the won-lost-tied record and any tournament results that the teams may have participated in. Failure to comply with these rules will result in the team being classified at the highest classification available under R4.01 a).
- n) Once classifications have been approved by the Rep Council, no further changes will be allowed.
- o) In any classification where less than 4 teams classify, no Rep Play-off will be held, and those teams which would have been classified at that level shall have the option of moving up one classification in order to participate in a Rep Play-off. Where they elect not to move up, they will not be classified.
- p) i) Except for Rep Play-offs for 8U, 9U and Girls Baseball, the number of teams allowed to participate at each classification shall be one per Affiliated Association plus the tournament host. In any series where the number of Affiliated Associations participating plus the tournament host is less than 12, the number of teams which will be allowed to participate would be up to 12 including the tournament host. The Rep Council shall determine the manner of selection of the additional teams to make up the 12 tournament. If there are less than 12 teams classified at a classification, all teams may be permitted to participate.

- ii) At 8U, 9U and Girls Baseball, the number of teams allowed to participate at each classification shall be one per Affiliated Association plus the tournament host. In any series where the number of Affiliated Associations participating plus the host is less than 16 teams, the number of teams which will be allowed to participate would be up to 16 including the tournament host. The Rep Council shall determine the manner of the selection of the additional teams to make up the 16 team tournament. If there are less than 16 teams classified at a classification, all teams may be permitted to participate.
- iii) At Senior the following limits apply to the number of teams for each Rep Play-off Tournament:
 - a. Senior AAA shall be unlimited; and
 - b. Senior AA, A, B and C shall be limited to 12 teams, with no more than 2 teams coming from any one Affiliated Association. Additional teams may be added from an Affiliated Association to bring the tournament to a maximum of 12 teams including the host.

Except at Senior AAA and Senior AA, the champions in any category shall be classified in the next high category the following year.
- q) The Rep Council shall decide annually the method by which the winner of each Rep Play-off shall be declared. This method shall consist of one of the following:
 - i) home and home style Rep playoffs; or
 - ii) a double loss knock-out tournament with a minimum of 6 teams scheduled to be held no later than the Labour Day weekend; or
 - iii) a round robin tournament; or
 - iv) a combination.
- r) No player may participate with more than 1 team in any 1 series.
- s) Any team classified at the Rep classification meeting must participate in all its Rep Play-offs. If a team fails to fulfil its commitment a \$500.00 fine will be assessed. Local Associations and Affiliated Associations shall be responsible for ensuring payment of such fines assessed against their teams.
- t) Teams appealing their Rep classification as finalized by the Rep Council are not to be levied the \$500.00 fine if the team declines to compete within 24 hours after the appeals meeting.
- u) The winner of the Senior Rep Elimination Tournament will be declared the Senior AAA champions.
- v) A Direct Entry not participating in the scheduled play of an Affiliated Association shall be classified at the highest level for which the households of its municipality makes it eligible.
- w) In order to be classified, a team must have played and reported on the Classification Form a minimum of 5 games against other OBA Rep rostered teams.
- x) The winner of the 21U Elimination Tournament will be declared 21U AAA champions.
- y) Teams entering the 18U Rep Elimination Tournament are not eligible to participate in the 18U Rep AAA OBA Championship.
- z) Except at 18U AAA, at each age category where the winner of the Elimination Tournament is not deemed a Rep Play-off Champion, the winner of the Elimination Tournament shall be granted an automatic entry into the Rep Play-off Tournament for which teams entering the Elimination Tournament are classified.  4. Infielding Clinic
 5. Hitting Clinic
- c) For Rep Elimination tournaments, coaches must also meet the Baseball Canada certification requirements applicable to the national tournament they would attend if their team won the Elimination tournament.
- d) Managers and coaches will be responsible for the conduct of their players both on and off the field until departure from the park. An infraction may result in a suspension for the next scheduled game in that Rep Play-off or to further suspension depending on the severity of the circumstances of the incident at the discretion of the tournament host's protest and discipline committee. Nothing in this paragraph limits the application of RP2.13.
- e) In 21U and below, at least one certified coach or manager listed in the Helpers Roster of the Local Association must be present and on the bench for each game. If there is no coach/manager present or the only coach/manager present is ejected, then the game is forfeited.
- f) All coaches and managers come under the jurisdiction of the umpires during games and are subject to penalties. The umpires shall see that the rules governing coaches and managers in all games are strictly enforced.
- g) As per the Official Rules of Baseball, in 14U and above, any team member in uniform may act as a base coach. Where a player in 14U, 15U, 16U or 18U is acting as a base coach, the player must wear a helmet.

SECTION RP2.5 UNIFORMS/EQUIPMENT

- a) In all games in all Rep series, all team personnel, including the manager and coaches, must be in complete baseball uniform.

Note: Complete baseball uniform shall consist of:

- corresponding tops or jerseys (with proper numbers),
 - corresponding (similar) baseball caps
 - baseball pants (no shorts)
 - corresponding stirrup or baseball socks.
- b) Provided the teams are completely uniformed the uniformity as laid down by the Official Playing Rules of Baseball will be disregarded and no protest will be considered by the OBA after the game has been played.
- c) The on deck batter, batter, base runners and batboy/batgirl must wear a prescribed protective helmet with flaps, covering both ears. This may not be changed except after the inning has been completed, or the player has been retired or has crossed home plate. In T-Ball, 8U, 9U, 10U, 11U, 12U, and 13U helmet chinstraps are mandatory unless the presence of a manufacturer installed face guard (C-Flap) prevents the use of the chinstrap and will be worn as designed by the manufacturer. Senior aged players shall be permitted to wear either single ear or double ear flapped helmets in Senior OBA play.
- d) In T-Ball, 8U, 9U, 10U, 11U, 12U, and 13U and 16U Girls shoes with metal cleats are prohibited.
- e) All catchers are required to wear a mask with throat protector, helmet, chest protector, shin guards, cup and a cup-type supporter.
- f) A team member shall be deemed as "warming up a pitcher" the moment either:
- ii. the pitcher stands on the rubber (on the field or bullpen)
 - iii. the team member assumes a squatting position to receive a thrown ball from the pitcher, regardless of position on the field or bullpen; or
 - iv. the team member assumes a position behind home plate
- g) Any team member serving as a catcher to warm up a pitcher shall wear a mask with throat protector. PENALTY: Coaches and players will be instructed to wear a mask and warned on first offense for failure to comply with this

rule. Only one warning per team will be given throughout the game. After warning, any further violation of this rule by any team member will result in their immediate ejection.

- h) The legal diameter for bats shall be 2 3/4".
- i) Subject to the following, in addition to wooden bats, metal bats shall be allowed in Rep play.
 - i. For all 12U and 13U play, metal bats with a length to weight difference of -10 or less are permitted.
 - ii. For all levels of play 14U and above, only wood bats, bamboo bats and wood composite bats will be allowed. Wood composite bats include wood bats with fibreglass sheathing and wood barrelled bats with composite handles. Wood composite bats do not include any bat that has any metallic component.
 - iii. Female players playing on NON-FEMALE teams must use the approved bats for the series.
- j) Players, coaches and managers who use electronic devices on the field will be ordered by the umpire to remove them from the field immediately. Failure to do so will result in ejection. Umpires who use electronic devices on the field during the game are subject to suspension and potential loss of accreditation. Fitbits, FuelBands, and other fitness trackers are considered electronic devices for the purposes of this rule, and are not permitted except where required for medical reasons (i.e.: heart rate monitor prescribed by a physician). **Exception:** Dedicated watches, stopwatches and electronic pitch counters/indicators are permitted.
- k) All players, including pitchers, are permitted to wear compression sleeves on one or both arms. If only wearing one, it may be worn on either the pitching or glove arm. A compression sleeve extending only to the elbow shall have the same restrictions as a compression sleeve extending to the wrist. Pitchers must wear compression sleeves which are solid in colour and may not be white or grey. Pitchers may not wear compression sleeves which are distracting in nature including designs and reflective material.
- l) With the exception of piping (strings), no part of the pitcher's glove may be white or gray. The pitcher's glove may not, in the judgement of the umpire, be distracting in any manner. No fielder, regardless of position may use a fielding glove that, in the judgement of the umpire, mimics, or attempts to mimic the colour of a baseball.

SECTION RP2.7 GAME LENGTH

- a) All games in a Rep Play-off or Elimination Tournament shall be 7 complete innings (6 1/2 complete innings if the home team is ahead), or until a winner is declared.

- b) In tournament play if a game is delayed due to curfew, darkness, light failure or weather related conditions at any point prior to completion, the game shall be resumed from the point of delay.
- c) In the case of bad weather or other emergency situations, the schedule may be revised at the discretion of the Tournament Committee.
- d) In home and home style Rep Play-off games called due to curfew, darkness, light failure or weather related conditions after becoming an official game shall be declared a complete and official game even if less than 7 innings were played. If the game is called prior to becoming an official game, then it is resumed from the point of delay.
- e) Time limits are not permitted in any Rep Play-off or Elimination games.
- f) In Rep Open or Invitational Tournaments when a time limit or curfew is in effect in the tournament rules, it shall be interpreted as follows: No new inning may be started after the time limit or curfew. An inning shall be deemed to have started immediately after the last out in the bottom of the previous inning has occurred.
- g) In all OBA games an 18 run mercy rule will apply after 3 innings or 15 runs after 4 innings. A 10 run mercy rule will also apply after 5 innings or any subsequent inning thereafter. If the home team leads after the top half of any such inning, the game shall be considered a mercy and the home team will not bat.
- h) Where the home team scores to take the lead in the 7th inning, any extra inning or any inning that will be the last inning because of a time limit, the game ends immediately. Similarly, if the home team scores a run that results in a mercy pursuant to g), the game ends immediately with that run.

SECTION RP2.8 LINE-UP RULES

- a) Each manager will see that the umpire-in-chief is provided with a batting order card listing the batting order of his/her players for the commencement of the game. This card shall list (i.e., print legibly) each player's first and last name, his/her uniform number and position. It shall also list the substitute players, coaches and manager including their uniform number. Bona fide players of either team, who arrive after the commencement of the game, may have their names added to the list upon reporting to the umpire-in-chief.
- b) In 8U, 9U, 10U and 11U games, all players present at the game shall be listed on the team's batting line-up in the order desired by the manager/coach and bat in that order. Late arrivals shall be added to the bottom of this batting order.
- c) In 10U and 11U games, if a player is removed from the game due to injury, illness or official ejection, the player's spot in the batting order shall be deleted. In the event a batter must be removed due to injury, official ejection, or has to leave for any reason during the time at bat, the next batter in the batting order shall come to bat assuming the balls and strikes count at the time the batter is removed. If the batter becomes an out, such batter shall then take his/her regular turn at bat.
- d) In 12U, 13U, 14U and 15U, teams may opt to utilize 10 batters in the starting line-up. The additional batter shall be deemed as the extra player (EP). The following rules for the EP shall apply:
 - i. The option to use the EP must be declared when handing in the line-up card prior to the start of the game.
 - ii. The EP may bat in any place in the batting order.
 - iii. The EP will be considered a defensive position and eligible for re-entry.
 - iv. If a team using the EP has any players ejected or injured and it results in the team having less than 10 players in the line-up the game shall continue with 9 players. The batting order will be shifted up to fill the void but otherwise remains the same.

Note: If the player starting in the EP is moved into a defensive position his place in the batting order does not change. The new EP will bat in the place of the player they replaced.

- e) At 16U and 18U, a team may use either an EP as in RP2.8 d) or a designated hitter as in RP2.8 f), but the team may not use both an EP and a designated hitter in the same game. For clarity, a team may also choose not to use either an EP or a designated hitter.
- f) A designated hitter may be used for a pitcher from 16U to Senior as per the Official Rules of Baseball.
- g) A designated hitter may be used in any OBA Elimination Tournament only if it is permissible at national level.

- h) For tournament play the Tournament Convenor shall appoint an official scorer for each game (who may be the scorer of 1 of the teams playing). For all home and home style OBA Play-off games the home team score keeper shall be the official score keeper.
- i) Senior AAA teams are permitted to mutually affiliate themselves with any one 21U team within their Affiliated Association as long as their Local Association does not have a 21U team.
- j) If the Baseball Canada 21U Nationals are hosted by an Ontario team – the players on the 21U host team are only permitted to be called up to a Senior team during Eliminations as long as they are a member of the same local association.
- k) Senior AAA teams are permitted a maximum of 3 21U or 18U-aged call-ups for Eliminations.

SECTION RP2.9 SUBSTITUTIONS

- a) In 10U and 11U games, unlimited substitutions defensively are allowed (including for injury or official ejection).
- b) In 12U, 13U, 14U, 15U, 16U Girls, 16U, 18U, and Women’s ball any starting player may be substituted for and returned to the game, one time only. He/she must return to his/her original place in the batting order. Any further substitutions do not jeopardize the right of re-entry for the original/starting player. Any starting player returned to the game may pitch if he/she has not previously assumed that position. A pinch runner **or pinch hitter** may be inserted for a pitcher, who was listed in the starting batting order, and the pitcher may return to pitch under this re-entry rule only if the player is re-entered immediately as a pitcher when his/her team takes the field defensively.
- c) At all levels, courtesy runners for the catcher or any other players are prohibited. Pinch runners may be substituted in accordance with the Official Rules of Baseball except where contravened herein.
- d) In 12U, 13U, 14U, 15U, 16U Girls, 16U, 18U, 21U and Women’s, in the event that all players have entered the game and an injury(s) occurs, the opposing manager shall have the right of selecting any remaining player(s) as the replacement.
 Note: This rule does not apply to ejections from a game.
- e) If a player re-enters or enters the game illegally: offensively, this shall be considered as a batter hitting out of order; defensively, the proper player shall replace him.

SECTION RP2.10 PITCHING RULES

- a) In 10U and 11U, the number of trips to the mound by the Manager/Coach shall not be limited except when, in the judgement of the umpire, the purpose of the trip is to delay the game.
- b) In 12U and 13U, a third trip by the Manager/Coach to the same pitcher in the same inning shall result in the pitcher’s automatic removal from the pitching position.
- c) From 18U and below, including Women, a pitcher once removed from the pitching position, regardless of the number of trips to the mound by the Manager/Coach, may continue in the game at another position but shall not be permitted to return to pitch in that game.
- d) From 14U to Senior, a second trip by a Manager/Coach to the same pitcher in the same inning shall result in the pitcher’s automatic removal from the pitching position. The pitcher, once removed after the second trip in an inning may continue to play at another position but shall not be permitted to return to pitch in that game.
- e) When a pitcher takes their position at the beginning of each inning, or when they relieve another pitcher, they shall be permitted to pitch up to eight preparatory pitches to the catcher, during which play shall be suspended. The plate umpire may reduce this number if, in their judgement, there has been unnecessary delay by the pitcher and/or catcher. If a sudden emergency causes a pitcher to be summoned into the game without sufficient opportunity to warm up, the plate umpire shall allow them as many pitches as the plate umpire deems necessary.

SECTION RP2.11 ARM CARE RULES

- a) Unless otherwise stated, all Arm Care Rules listed in P2.11 shall be in force throughout the baseball season and apply to all league play and tournament play as sanctioned by Baseball Ontario or any Affiliated Association.
- b) Unless otherwise stated, all Arm Care Rules listed in P2.11 shall be enforced at all Series 21U and below.
- c) Pitchers shall be limited to the number of pitches thrown in a single day as outlined below. Pitchers are required to rest in accordance with the chart below as determined by the total number of pitches thrown on any one calendar day.

| 9U* | 11U | 13U | 15U | 18U | 21U | REST REQUIRED |
|-------|-------|-------|-------|--------|--------|---------------|
| 1-20 | 1-25 | 1-30 | 1-35 | 1-40 | 1-45 | None |
| 20-35 | 26-40 | 31-45 | 36-50 | 41-55 | 46-60 | 1 Day |
| 36-50 | 41-55 | 46-60 | 51-65 | 56-70 | 61-75 | 2 Days |
| N/A | 56-65 | 61-75 | 66-80 | 71-85 | 76-90 | 3 Days |
| N/A | 66-75 | 76-85 | 81-95 | 86-105 | 91-115 | 4 Days |
| 50 | 75 | 85 | 95 | 105 | 115 | Daily Max |

**Please see RP2.11(l) for 9U player pitching requirements.*

- d) For the purposes calculating days of rest required, the day after game day is considered Day 1 of the rest period. (ie: If an 11U pitcher throws 27 pitches on Friday, he will be next eligible to pitch again on Sunday).
- e) If a game extends beyond midnight into the next calendar day, any pitches thrown thereafter shall be counted toward the pitch count of the day the game started. If however, the game is suspended for any reason after midnight, when it resumes, any pitches thrown by any pitcher shall be counted toward the new day.
- f) Intentional walks and balks shall count toward the pitcher's pitch count total if a pitch has been thrown.
- g) Players are permitted to pitch in 2 separate games in the same day as long as they do not exceed the maximum number of pitches that requires **no rest** for their age category in the first game of the day. (ie: If an 11U pitcher throws fewer than 25 pitches in the first game, the player may pitch in a second game.) No player is permitted to pitch in more than 2 games per day regardless of the number of pitches thrown.
- h) No player may exceed the Daily Maximum for their age category in any two-day period. If a player pitches in two games in a day or on two consecutive days, days rest required shall be calculated using the combined total of the number of pitches thrown.
Ex1: 21U player throws 45 pitches on Friday in a tournament (no rest required). That pitcher is permitted to pitch again on Saturday to a maximum of 70 pitches so as not to exceed 115.
Ex2: In the same scenario as Ex1, the total number of pitches thrown are added together to determine days rest. If the player threw 45 pitches on Friday and 70 pitches on Saturday, the pitcher must rest for 4 days and is next eligible to pitch on Thursday.
- i) Pitchers will be permitted to complete the at-bat of the batter they are facing when their Daily Maximum pitch limit has been reached for that calendar day but must be removed immediately after (i) the batter is retired, or (ii) the batter becomes a runner, or (iii) the third out of the inning is made.
- j) The total number of pitches thrown by an ambidextrous pitcher shall be charged toward their pitch count regardless of which arm(s), or combination thereof, the pitcher uses to throw.

- k) No player may pitch on three consecutive days unless their total pitch count for the three days does not exceed the number of pitches where no rest is required for that age category. A pitcher may not pitch on 4 consecutive days regardless of pitch count.
- l) Once removed from the pitching position, a player may not catch for the remainder of the day.
- m) Any player who is playing in a series higher than their age appropriate series shall be restricted to the pitch count limitations and required rest periods applicable to the age of the player, provided the following:
 - i) 9U aged players who are called-up to play on a 10U or 11U team are not permitted to pitch.
 - ii) 9U aged players who are rostered to a 10U or 11U team shall be permitted to pitch with the following limitations:
 - 0 Days Rest: 1-20 Pitches
 - 1 Day Rest: 20-35 Pitches
 - 2 Days Rest: 36-50 Pitches
 - Daily Maximum: 50 Pitches
- n) **Penalty:** For violation of any Arm Care rules as prescribed in RP2.11(c) to (m), the Manager is ejected and the game is immediately forfeited. The Manager shall receive a one game automatic suspension. If a pitcher throws during their mandatory days rest period in violation of RP2.11(c), the pitcher's maximum days rest period will reset to the maximum rest period of 4 days from the date of the appearance constituting the violation.
- o) In the event that a player pitches on a required rest day and the violation is not caught until after the game, the player shall be required to rest 4 complete days from the day he/she last pitched and the Manager will receive an automatic two-game suspension.
- p) Any player who is playing in a series higher than their age must be identified on the lineup card. Any underage player not identified on the lineup card is ineligible to pitch. Should any such unidentified underage player pitch, the pitcher shall be removed from the pitching position and the Manager ejected.
- q) When a player reaches their Daily Maximum pitch count, the manager or coach may remove the pitcher from the pitching position immediately without penalty, regardless of the number of trips already charged to the pitcher during the inning or at-bat.
- r) During league play, the home team shall designate an official pitch counter for their team who shall be responsible for tracking the pitches of both teams.
- s) During OBA sanctioned tournament play, the host shall designate an official pitch counter for each game. The host may designate participating teams as the official pitch counter at their discretion.
- t) The official pitch counter must provide the current pitch count upon request by either manager or the umpire.
- u) The official pitch counter shall inform the plate umpire when a pitcher has delivered their Daily Maximum pitch count. The plate umpire shall inform the manager that the pitcher must be removed, (i) immediately if the Daily Maximum threshold has been reached at the end of an at-bat, or (ii) following the completion of the at-bat or inning, subject to RP2.11(h).

Note: Failure by the Official Pitch Counter to inform the plate umpire of a pitcher reaching their Daily Maximum pitch count does not relieve the Manager of their responsibility to know the pitch count and remove the pitcher.

Penalty: Failure to remove the pitcher with no notification by the Official Pitch Counter will result in the manager's immediate ejection and the pitcher shall be removed from the pitching position immediately and will not be permitted to complete the at-bat. This will be treated as an emergency situation and the incoming pitcher shall receive as many warm-up pitches as the plate umpire deems necessary.

- v) During league play, the Manager (or designate) shall record the number of pitches thrown for each of their team's players within 24 hours (or before the start of the next game, whichever is earlier) of the game's start time using the OBA Pitch Count Tracker. During tournament play, pitch counts must be entered within 1 hour following the

end of the game (or before the start of the next game, whichever is earlier) by the home team Manager (or designate).

- w) The Manager of the opposing team will receive notification of the pitch count entry into the system and will have 24 hours from that time to verify or challenge the pitch count from that game.
 - i. *Any challenge of an official pitch count will be forwarded to the Series Chair for resolution.*
 - ii. *The decision of the Series Chair with regard to Pitch Counts shall be final.*
- x) **Penalty:**
 - b. Failure to enter pitch count results within the specified timelines, as set forth in RP2.11(u), will result in the following penalties:
 - (i) On a team's first offense of the season, immediate suspension of the Manager until the pitch count is entered.
 - (ii) On a team's second (or any subsequent offense), the Manager will receive an automatic 5 game suspension.
 - b. Failure by team to adopt these pitch count rules will result in the team forfeiting their right to classify for an OBA Championship and participate in OBA sanctioned tournaments.
- y) Any coach or manager whose actions cause a player's pitch counts to be exceeded or not counted as required by these rules, and that action is not identified until after the game is completed, shall be subject to a suspension of not less than 2 games which may be extended at the discretion of the Series Chair.

SECTION RP2.11 BASE RUNNING RULES

Malicious Contact:

- a) Malicious contact is to be penalized whether committed by an offensive or defensive player. Contact shall be considered malicious if:
 - i. the contact is the result of intentional excessive force, and/or
 - ii. there is an intent to injure.
- b) The umpire shall determine whether contact was avoidable or unavoidable. If the fielder blocks the base path, the runner may make contact, slide into or collide with the fielder as long as the runner is making a legitimate attempt to reach the base/plate.
- c) Runners are instructed to slide or attempt to avoid making contact with a fielder. A player who maliciously runs into another player is to be declared out (unless he/she has scored prior to committing the infraction) and is to be automatically ejected (whether or not declared out).
- d) If the defensive player blocked the base path clearly without possession of the ball, obstruction shall be called. The runner is safe and a delayed dead ball is called.

SECTION RP2.12 FIELDING RULES

- a) A fielder may not enter the dugout or bench area to make a legal catch. Any such ball shall be declared dead.
- b) Where a fielder carries a live ball into dead ball area, the ball shall be declared dead and all runners shall be awarded 1 base without liability of being put out.

SECTION RP2.13 DISCIPLINE

- a) The following Progressive Penalties shall apply at all levels of baseball on minor offenses/infractions by a coach or manager:
 - i. On a first minor violation, the coach or manager shall receive a warning from the umpire.
 - ii. If the coach/manager continues after being warned, or on any second minor violation in that game, the umpire shall order the coach/manager be restricted to the dugout for the remainder of the game.

- iii. On any subsequent minor violation in that game, or refusal to remain in the dugout after restriction, the umpire shall eject the coach/manager from the game.
 - iv. The umpire in his/her sole discretion may elect to eject any coach, manager or player from the game without warning or progressive penalties.
- b) Any player, coach or manager ejected by an umpire from any Rep Play-off or Tournament (Elimination, Play-off or other sanctioned tournament) game is suspended for 1 game, and this to be the next scheduled game in that tournament or Play-off. The player, coach or manager may be subject to further suspension depending on the severity of the circumstances leading to the ejection at the discretion of the tournament host's protest and discipline committee.
 - c) The umpires, who umpire a game where an ejection occurs, shall file an ejection report with the convenor of the tournament within 2 days of the completion of the tournament. Failure to submit an ejection report shall result in the suspension of the umpire(s) until the report is filed.

SECTION RP2.14 PROTESTS

- a) Protests based on umpires' judgment decisions will not be permitted. A protest based on an umpire's interpretation of the rules must be lodged with the umpire before the game resumes, and the opposing team must also be advised by the umpire before the game resumes.
 - b) No protests will be entertained regarding coaches or managers being listed on a roster team. A coach or manager signed with 1 team in an organization may act as coach or manager for any other team in that organization.
 - c) Tournament Style Rep Play-offs:
 - i. A Protest Committee shall be established by the host Local Association.
 - ii. The Protest Committee has the right to rule whether a protest will be heard.
 - iii. All protests must be ruled on at the time of their occurrence by the Protest Committee.
 - iv. If the protest is heard and denied, the team will be billed \$50.
 - d) Home and Home Style Rep Play-offs:
 - i. Protests are to be mailed to the Rep Protest Chair postmarked within 48 hours of the end of the game under protest. The \$50.00 fee will accompany it.
 - ii. Copies of the protest are to be sent to (1) the Rep Commissioner (2) the OBA Office (3) the Rep Series Chair and (4) the manager of the other team.
 - iii. The Protest Chair will decide on behalf of the Commissioner, whether there is reason for holding a protest meeting.
 - iv. The site and time of the protest meeting will be decided by the Protest Chair.
 - v. Results of the protest hearings will be sent by the Protest Chair to the Rep Commissioner, both teams, the OBA Office, the Rep Series Chair and the Rep Overall Series Chair.
 - e) Once a protest has been dealt with by the OBA or a committee delegated to act in such matters by the OBA, any ruling handed down must be considered as final by the OBA. No further action will be taken.
 - f) The Rep Protest Chair has the power in a home and home style OBA Play-off to appoint a committee to handle all protests which must be disposed of 5 days from the time the Rep Protest Chair receives the complete protest, etc.
 - g) Each team may be represented at the hearing by 2 representatives, only 1 of whom shall be permitted to speak. Where Direct Entries, Local Associations, Affiliated Associations or teams are only called in to give evidence they shall not be required to deposit a defence fee.
 - h) All correspondence regarding protests and defence of appeals must be forwarded by registered mail.
 - i) Even if it is held that the protested decision violated the rules, no replay of the game will be ordered unless in the opinion of the Rep Protest Chair the violation adversely affected the protesting team's chances of winning the game.
 - j) Teams or players which knowingly play against ineligible players and do wilfully conceal this knowledge from the OBA until it shall suit their convenience to use it in any protest which may arise shall be considered equally guilty with the offending team or players and shall be dealt with accordingly.
- Emergency Situations:
- k) In an emergency situation the protest will be dealt with by the Rep Series Chair in consultation with the Rep Protest Chair and the Rep Commissioner.

SECTION RP2.16 10U/11U PLAYING RULES

- a) Home base shall be marked by a five-sided slab of rubber. It shall be a 21-inch square with two of the corners removed so that the front edge is 21-inches wide and the back of the plate comes to a point at the intersection of the lines extending from home base to first base and to third base.
- b) A team's turn at bat in an inning will end after three outs have been recorded or four runs have been scored. The last inning will have an eight run maximum. On any play where the last allowed run in an inning is as a result of the ball leaving the playing field and the awarding of home base (ie: home run, overthrow, etc) results in more than the maximum runs allowed in an inning scoring, all awarded runs will score; this only applies to dead ball awards.

Example 1: Runners on 1st, 2nd and 3rd. 2 outs. 3 runs have already scored in the inning. The batter hits a groundball to the shortstop, who overthrows first base. The ball goes out of play. Because this is the first play by an infielder, all runners get awarded 2 bases from the time of pitch. 2 runs score for a total of 5 for the inning.

Example 2: Runners on 2nd and 3rd. 2 outs. 3 runs have already scored in the inning. The batter hits a ball in the gap between outfielders. Despite the fact that two runs would have scored easily, because the ball stayed in play, the inning ends when the runner from 3rd touches the plate. 1 run scores on the play for a total of 4 runs for the inning.

Example 3: Runners on 2nd and 3rd. 3 runs have already scored in the inning. The batter hits a ball down the left field line which rolls past an out of play line. Ball is dead. This is a 2 base award, so 2 runs score on this play, with a total of 5 for the inning.

- c) An 18-run mercy rule will apply after 3 innings; a 15-run mercy rule will apply after 4 innings; a 10-run mercy rule will apply after 5 innings; and a 9-run mercy rule will apply after 6 innings. If the home team leads after the top half of any such inning, the game shall be considered a mercy and the home team will not bat.
- d) No new inning shall be permitted to start after 2 hours have elapsed from the start of the game. No time limit during the final championship game. Local tournament rules for regular season tournaments can impose a shorter time limit. In all Rep Play-off tournament games and all play-off round games of regular season tournaments must have a winner declared, so extra innings are to be played regardless of the time limit.
- e) Unlimited substitutions defensively are allowed (including for injury or official ejection).
- f) The number of trips to the mound by the Manager/Coach shall not be limited except when, in the judgement of the umpire, the purpose of the trip is to delay the game.
- g) Base runners cannot leave the base until the ball leaves the pitcher's hand. If an infraction occurs, the ball will be declared dead and runners may not advance. 1 warning will be issued and for any further infractions thereafter, the runner will be called out. (Each team to receive 1 warning).
- h) If a player is removed from the game due to injury, illness, or official ejection, the player's spot in the batting order shall be deleted. In the event a batter must be removed during their time at bat, the next batter in the batting order shall come to bat assuming the balls and strikes count at the time the batter is removed. If the batter becomes an out, such batter shall then take their regular turn at bat.
- i) If a runner is removed by reason of injury or official ejection from the game, the player last put out shall act as pinch runner for the removed player. By virtue of the rules there shall be no pinch runners allowed.
- j) The batter shall not become a runner when a third strike is not legally caught by the catcher. The ball remains live and all other runners may advance at their own risk.

SECTION RP3.1 GENERAL

- k) Before distribution to the teams by the Tournament Host Association the complete schedule must be forwarded to the Rep Tournament Chair at least two weeks prior to the tournament for approval. When only 2 teams remain, the tiebreaker will start at RP7.3 (w) (i).
- y) The Rep Convenors Report and specified attachments must be mailed (postmarked) to the Rep Tournament Chair within 10 days following the tournament.

d) Footwear:

Shoes with metal cleats are prohibited. Shoes with moulded rubber cleats may be used.

e) Catcher's Equipment:

It should be portable and adjustable to the height of the player's choice. Each team may use its own tee when at bat. Safety must be a key element when selecting a batting tee.
- j) The Playing Field:
 - i) The distance between all bases shall be 60 ft.
 - ii) The distance between the point of home plate and the pitcher's rubber shall be 50 feet.
 - iii) Batter's boxes shall be 3 ft. wide and 6 ft. long. The inside line shall be parallel to and 4 in. away from the side of home plate. It shall extend 3 ft. in front of and 3 ft. behind the centre of home plate.

- k) The infield arc is a line dividing the infield playing area from the outfield. It has a 50 ft. radius from the centre of the playing line (RQ1.3 a) extending from foul line to foul line.

SECTION RQ1.3 DEFINITIONS

- a) A "playing line" is an imaginary line running directly from first base to third base, which is a guide for the plate umpire to determine a fair hit ball.
- b) A "forfeited game" is a game declared ended by the umpire for violation of the rules. The score will be recorded 5-0 for the offended team.
- c) A "fair hit ball" is a legally batted ball that in the plate umpire's opinion will or could have firmly crossed the playing line (RQ1.3 a) in fair territory, even if it is fielded before crossing the line.
- d) A "dead hit ball" is a legally batted ball that, in the umpire's opinion will not or could not have firmly crossed the playing line, even if fielded in front of the playing line. This excluded a ball put into play by an illegal swing (RQ1-3 l). If the ball is caught in flight by the defensive team, the batter is out and the ball is in play until time is called.
- e) A "strike" is when:
 - i) the ball is swung at by the batter and is completely missed.
 - ii) the ball is a dead hit, fouled or put into play by an illegal swing (RQ1.3 l) by the batter when he/she has less than 2 strikes.
- f) An "illegally batted ball" is when the batter hits the ball, either dead, fair or foul with one or both feet on the ground entirely outside the lines of the batter's box (RQ1.3 k).
- g) A "fielder's choice" is when any defensive player has control of the ball in the infield area (RQ1.3 h) and in the judgment of the plate umpire there is no attempt to make a play on any of the base runners, time will be called, and the base runners, in the judgement of the umpires, will be held on the base they last occupied or the unoccupied base they were approaching when time was called. A player raising his/her hand with the ball therein above his/her head will not automatically attain a call of time by the umpire.
- h) The "infield area" is the area, in the judgement of the plate umpire, in which the defensive infielders would normally play in performance of their duties. It also includes the adjacent foul territories which are encompassed by the playing line being extended to the playing field boundaries.
- i) An "appeal" must be made before "play" is called for the next batter; in the case of the last batter, it must be made before the last defensive player is off the field.
- j) A "lead-off" is when a runner is off his/her base when the batter hits the ball off the tee.
- k) The "batter's box" is an area on each side of home plate, within which the batter shall have both his/her feet during his/her time at bat.
- l) An "illegal swing" is when the batter does not take a full swing or chop swings downward at the ball. This is considered bunting and is contrary to RQ1.4 a). (Penalty see RQ1.5 n).

SECTION RQ1.4 GENERAL RULES

- a) In T-Ball there shall be no pitching to the batter, therefore there will be no base-on-balls awarded; there is no bunting and the infield fly rule does not apply.

- b) Each team shall have a starting line-up of 11 players. If at any point during the game a team cannot field the 11 players, the game will be forfeited to the opposing team.
- c) All players listed in the game line-up in which their team is participating must be scheduled to play at least 2 innings of a 5 inning game. It is compulsory that players play a complete inning when alternated and must be put in at the beginning of an inning.
- d) 10 minutes before the scheduled starting time, the manager must give a copy of his/her batting line-up for each of the 5 innings to be played to the opposing manager and the official scorekeeper. A player must be listed to bat in the same batting position for each inning until substituted. He/she may return to the same or any other batting position in the line-up following the inning in which he/she was substituted. No changes to the line-up will be permitted in the first 3 innings of the game, except in the case of injury or sickness. (A player substituted for because of injury or sickness may not re-enter the game until the following inning.) Prior to the start of the fourth and/or subsequent innings, valid additions or changes to the line-up must be made before the plate umpire calls play for the first batter at the beginning of that inning. All line-up changes must be reported to the plate umpire, official scorekeeper and the opposing manager. If a player is listed on the game score sheet but is not in attendance at the game when his/her scheduled time at bat or his/her turn to take a defensive position occurs, the offending team shall forfeit the game. Late arriving team players who are not listed on the home score sheet may only be inserted into the line-up to play the fourth and fifth innings at the manager's discretion (RQ2.4 c).
- e) The "batting orders" must be followed for each inning. A batter who fails to bat in his/her proper batting position shall be declared out on an appeal by the defensive team, if another player completes a time at bat in his/her place. However, the proper batter may take his/her place in the batter's box at any time before the improper batter becomes a runner or is put out and any strikes will be assumed by the proper batter. If the improper batter becomes a base runner or is put out and the proper appeal is made the plate umpire shall:
- i) declare the proper batter out,
 - ii) nullify any advances or scores made by the base runners because of a ball batted by the improper batter, and
 - iii) the next batter will be the player in the batting position following the player who was called out because of missing his/her turn at bat.
- If the appeal is made too late then the improper batter becomes legal and the player in that batting position is considered to have completed his/her turn at bat. The next batter will be the player in the next batter position in the line-up.
- f) If at the time a game is scheduled to begin, a team does not have a minimum of 11 eligible players, a maximum extension of 15 minutes will be allowed before the plate umpire declares the game forfeited to the non-offending team.
- g) If 15 minutes past the scheduled game time, neither team can field 11 eligible players the umpire shall declare a double forfeit.
- h) Each "defensive team" shall have:
- i) a catcher who shall play a position normally taken by the catcher behind home plate, far enough back so he/she does not interfere with the batter while batting,
 - ii) a pitcher who shall play in the infield and must assume a set position with both feet on the pitcher's rubber until the ball is hit,
 - iii) a first baseman, a second baseman, a third baseman and a shortstop who shall play in positions regularly played by these infielders and they shall not cross the playing line until the ball is hit. Penalty - in the event a defensive player, in the judgement of the umpire, does cross the playing line before the ball is hit the umpires will call time immediately and the ball is dead,
 - iv) 5 outfielders who shall play in the area regularly played by outfielders, and
 - v) a maximum of 4 adults in the dugout.
- i) The "offensive team" shall have no more than 2 adults in the dugout and will be allowed only 2 coaches in the coaching boxes (1 near first base and 1 near third base) for a total of 4. Coaches and managers shall:
- i) be adults,
 - ii) remain within the dugout or within the coaches boxes at all times,
 - iii) not physically assist any runner while he/she is in play (in the event he/she does, the base umpire will call the runner out at the time of the infraction), and

- iv) talk to members of his/her own team only.
- j) A “regulation game” will consist of 5 complete innings, provided 1 team has scored more runs than the other. If the score is tied at the end of 5 innings, play is continued until 1 team has scored more runs than the other in an equal number of innings or when the home team has scored the winning run in the last inning. In the event the umpire terminates the game before the end of the fifth inning and there has been at least 3 completed innings played, the score will revert back to the last completed inning. In the event that a league game is tied after 3 or more completed innings and halted by the umpire, it shall be scored a tie. In the event that a league game is halted before 3 complete innings, it shall not be considered a regulation game and will be replayed from the beginning at a later date. In tournament play, if a game is halted before it is a regulation game but at least 1 inning has been completed, the game will continue from the exact point play was halted.

k) **Protesting a Game:**

The managers of the contesting teams only shall have the right to make protests. A protest will not be considered on a decision involving umpire’s judgement but only when based on the violation or interpretation of a playing rule, an eligible player or if a player does not play at least 2 innings of a 5 inning game. Protests shall be made as follows:

- i) The protesting manager shall immediately and before any further play begins, notify the plate umpire that he/she is playing the game under protest.
- ii) Following such notice the umpires shall consult with each other and if they are convinced that the decision is in conflict with the rule the decision shall be reversed. If, however, after consultation they are convinced that the decision is not in conflict with the rules, the plate umpire shall announce that the game is being played under protest and play will continue.
- iii) Protests made due to the use of an ineligible player or a player not playing enough innings may be considered only if made to the plate umpire before the last batter of the final inning or half inning has completed his/her turn at bat.
- iv) Any protest for any reason whatsoever must be submitted in writing within 48 hours after completion of the game by the protesting manager and the plate umpire to the proper league officials who shall deal with it as they see fit.

In tournament play, all protests are settled on the playing field before any further play continues. The umpires shall consult with each other and if they cannot resolve the protest between them, they shall call in the tournament umpire-in-chief or protest committee and this decision is non-appealable.

SECTION RQ1.5 PLAYING RULES

- a) To begin the game, the plate umpire shall instruct the home team to take their positions in the field, place the tee of the batting team on home plate and call “play” for the first batter of the offensive team.
- b) The batter becomes a base runner when:
 - i) he/she hits the ball hard enough to cross the playing line in fair territory (RQ1.3 a) and c).
 - ii) the catcher interferes with him/her while he/she is attempting to hit the ball. The batter is awarded first base, the ball is dead and no runner may advance except those forced by the batter becoming a base runner. In the event that the batter, in spite of the interference, hits the ball fairly (RQ1.3 c) and reaches any base safely and all runners have advanced at least 1 base safely, then the interference is disregarded. In the case of catcher interference on the last batter while he/she is attempting to hit the ball, the ball is dead, no runners may advance and the last batter is allowed to continue his/her turn at bat with the same count. In the event the last batter, in spite of the catcher interference, hits the ball fairly and reaches home plate safely, the ball is alive and the catcher interference is disregarded. However, in all cases of catcher interference, the offensive manager has the option of accepting or refusing the catcher interference.
- c) A batter is out when:
 - i) his/her fair hit, dead hit, foul fly or fly ball put into play by an illegal swing is caught by a member of the defensive team. The ball is alive and in play until time is called.
 - ii) he/she hits the ball illegally. The ball is dead and runners may not advance (RQ1.3 f).
 - iii) he/she has 3 strikes called on him/her. The ball is dead and runners may not advance (RQ1.3 e).
- d) A base runner is out:
 - i) on a force play.

- ii) when he/she is tagged.
 - iii) when running off his/her baseline to avoid a tag.
 - iv) when he/she is hit by a fair batted ball, either on or off his/her base, before the ball has touched or passed an infielder trying to make a play on the ball not including the pitcher. The ball is dead and no runner may advance.
- e) Lead-offs:
No player on the offensive team, while a base runner, shall take a lead-off from the base he/she is on until the batter has hit the ball from the tee. When any runner has taken a lead-off, the base umpire shall indicate same by dropping a red flag. Play is permitted to continue and all runners are in jeopardy. At the end of the play when time is called, any outs will stand and all other runners will return to their original bases and the batter, if not put out will return to bat with the same count. In the event that lead-off occurs on the last batter, play will continue and all legal runs are allowed to score except player(s) who lead-off.
- f) If a fielder intentionally drops a fly ball or line drive, when first base is occupied, the force is removed and the base runner must be tagged.
- g) Overthrows:
Base runners may advance when a ball is overthrown to any base until such time a defensive player has control of the ball in the infield area and there is no attempt to make a play (RQ1.3 g and h). In the event the overthrown ball leaves the playing field, the base runners shall be permitted to advance to the base they were approaching when the ball was thrown plus 1 more base. Runners with last batter status (RQ1.5 i) are allowed to continue to score.
- h) The offensive team's turn at bat ends when:
- i) the last batter has 3 strikes.
 - ii) the last batter has hit the ball illegally (RQ1.3 f).
 - iii) when the catcher (only) touches home plate with the last batter's fair hit ball (RQ1.3 c) in his/her possession. The ball must be thrown over the playing line (RQ1.3 a) at least once on its way to the catcher unless the fair hit ball was fielded in front of the playing line. The pitcher, only, is allowed to assist the catcher in the home plate area. Penalty - In the event a defensive player other than the pitcher, in the judgement of the umpire crosses into the home plate area, the umpire will call time and allow all legal runs to score.
 - iv) base runner with last batter status (RQ1.5 i) is hit by a fair hit ball either on or off his/her base before the ball is touched by an infielder or has passed an infielder, excluding the pitcher, the ball is dead and no runs may score.
 - v) the last batter's fly ball is legally caught and there are no runners on the bases.
- i) Last Batter Status:
Any players on the offensive team who are base runners when the last batter is at bat are regarded in the same manner as the last batter and no defensive play can be made on them on the bases. They are all forced to home plate when the last batter has hit the ball fairly (RQ1.3 c).
- j) In the event the last batter's fair hit ball leaves the playing field by going over the outfield fence, either in flight or bouncing over, it will be considered a home run and all runners having last batter status will be allowed to score. However, if the ball goes under or gets caught in the outfield fence and in so doing interferes with the fielder's chances to field the ball, all base runners will be allowed to score, but not the batter.
- k) In the event that the last batter of the offensive team is out on a fly ball, the players who are base runners shall be permitted to score, provided they are on the base when the ball is caught or they retouch it after the ball is caught before touching the next base. These runners have to score prior to the ball being returned to home plate.
- l) In the event that the last batter of the offensive team or any base runner with last batter status is obstructed in any manner by any defensive player while running the bases, it shall be the discretion of the umpire as to how far he/she would have advanced had there been no obstruction.
- m) A run does not count when a runner with last batter status:
- i) reaches home plate after the plate has been legally touched by the catcher.
 - ii) has led-off and reaches home plate safely.
 - iii) has not tagged up and reaches home plate safely.
- n) Illegal Swing:
When a batter puts a ball into play by an illegal swing (RQ1.3 l) the plate umpire shall indicate same by dropping a red flag; play is permitted to continue and all runners are in jeopardy. At the end of play, when time is called, all outs will stand and all other base runners will return to their original bases. The batter, if not put out, will resume his/her turn

at bat with a strike added to his/her count (no third strike can be applied, RQ1.3 e ii). In the event the last batter puts the ball in play by an illegal swing it shall be considered a dead ball unless caught in flight by a defensive player.

SECTION RQ1.6 UMPIRES

- a) Once the batting line-ups have been exchanged the plate umpire takes charge of the game and takes his/her place behind home plate.
- b) The decisions of the umpire shall be final; however, the managers of each team shall be entitled to ask for permission to approach the umpires for an interpretation of the rules. No umpire shall overrule any other unless invited into consultation.
- c) The umpires are the only ones that can call "time".
- d) To resume play after time has been called, the plate umpire will call for the next batter, and after the next batter has stepped into the batter's box, the umpire will place the ball on the tee and call "play". The batter is then allowed to hit.
- e) In the interest of safety, the plate umpire must remove the tee from home plate to prevent any interference with a play at home plate. Failure to do so will be no cause for the umpire to change the results of the play.
- f) The plate umpire must call out all strikes, dead hits and foul balls as quickly as possible. He/she must also indicate an illegal swing by dropping a red flag.
- g) The plate umpire shall notify opposing managers of any changes or additions to the original line-up as reported to him/her (RQ1.4 d).
- h) Base umpires shall:
 - i) judge the position of the runners when the ball is thrown out of the playing area (RQ1.5 f),
 - ii) watch for and indicate lead-offs (RQ1.5 d) and inform the plate umpire which runner(s) lead-off if they have last batter status (RQ1.5 j),
 - iii) watch for and inform the plate umpire of runners that do not retouch when the last batter's fly ball is caught (RQ1.5j) and
 - iv) hold up runners when time is called (RQ1.3 g).
- i) All umpires must make sure the fielders are all behind the playing line and the pitcher is in his/her proper position before play is called for the next batter.
- j) It is the duty of the plate umpire, after he/she has been notified, to call out "last batter". Failure to do so does not nullify the play.
- k) The plate umpire may terminate a game before its completion for reasons of darkness, bad weather or dangerous field conditions, etc.
- l) The umpires shall have the authority to rule on any situation not covered specifically in the Official Playing Rules.

RQ2 THE APPROVED PLAYING RULES OF 8U/9U

It is recommended that a radar gun be present to confirm the machine settings produce pitches at the speed contemplated by RQ2.3 f). Note: A tournament may use either electric or mechanical machines, but not both.

SECTION RQ2.3 PLAYING RULES

- a) A team shall comprise of a minimum of 10 players and a maximum of 25 players, all signed to team rosters of the series and classification of the team entered. Each team must have at least 1 manager and/or 1 or more coaches signed to a team roster clearly marked manager or coach and who shall be responsible for that team.
- b) Each team shall have a catcher, a first baseman, a second baseman, a third baseman, a shortstop, a left fielder, a right fielder, 1 pitcher and 2 centre fielders in the line-up. A team may play as long as it has 9 players at the game. If it drops to 8 or few players at a game, then the game is forfeited to the other team.
- c) The pitcher must stand beside the pitching machine outside of the safety circle and behind the release point of the pitching machine. Lines shall be drawn from the release point to 4 ft. beyond the circle. The pitcher must have both feet on or within 4 feet behind the white line until the ball is released from the machine. Once the ball is released from the machine, the pitcher may move in front of the line, but may not move through the circle. The machine shall be 44 ft. from home plate. Only the pitcher may return a live ball to the operating coach with runners on base. The pitcher must wear a NOCSAE approved batting helmet with facemask and chinstrap attached as designed by the manufacturer and may not be removed until the play is complete. Penalty: Time will called at the completion of the play and 1 base will be awarded from the position of the runners at the time the play was completed. Neither the pitcher nor any other player may in any way break the plane of the 8 foot diameter circle around the machine whether stepping on the circle line or reaching into the circle while in an attempt to field a ball. Play will be called dead and 1 base will be awarded. All other forced runners will move 1 base.
- d) Infielders can ask for time in the infield area. Time will be given at the umpire's discretion when continuous action from the play has stopped. **NOTE:** The ball does not have to go back to the pitcher before an infield may ask for time. Continuous action ends when the defense stops trying to field the baseball, and the offense stops trying to advance.
- e) Until the ball is fed into the machine, outfielders shall position themselves at least 15 feet beyond the base paths.
- f) The pitching machine speeds cannot be altered except at the end of an inning. Any tampering with the machine speed by the coach feeding the machine shall result in the coach's immediate ejection. If the speed or the flight of the ball becomes erratic, it shall be corrected at the direction of the umpire. (This may be done at any time.) If the correction is done between innings, both teams will be notified by the umpire. Height can be adjusted at any time. Machine speed is a maximum of 40mph and a minimum of 35mph.
- g) All 8U/9U baseball games shall be 7 innings or until a winner is declared. The game ends immediately after the deciding run scores, except for a home run out of the playing field or where additional runs are scored through the awarding of bases by rule in which case all runs are counted up to the 7 run inning maximum. Five innings shall constitute an official game except that a winner is declared and the game declared official at any point that the opposing team is unable to win or tie the game.
- h) Each batter shall receive a maximum of 5 strikes as called by the umpire. The batter shall not be called out if the 5th strike is called a foul ball. If a ball crosses the plate over the batter's head or bounces into the dirt, the umpire will not count it as a strike unless the batter swings at the pitch.
- i) Batters cannot walk or bunt. (Bunts are automatic outs.)
- j) There shall be no passed balls or wild pitches.
- k) Base Runners cannot leave the base until the batter makes contact with the ball. If an infraction occurs, the ball will be declared dead and runners may not advance. One (1) warning will be issued and for any further infractions thereafter the runner will be called out. (Each team may receive 1 warning). No stealing allowed.
- l) If a batted ball hits the pitching machine or any adult in the playing field, then the ball is declared dead and the batter is awarded first base with the corresponding move of any base runners who may be forced to move. The coach feeding the machine must not interfere with any play being made by the defensive team. Otherwise, the batter will be called out and the runners will be returned to their base of origin. In case of the third out the side is retired.

- m) When a thrown ball hits the pitching machine or the cord within the circle, then the ball is declared dead and each base runner (including the batter-runner) shall advance one base from the time the ball becomes dead.
- n) The plate umpire shall be behind the catcher. The second umpire is the traditional base umpire.
- o) The on deck batter, the batter and base runners must wear a prescribed protective helmet with flaps covering both ears. Chinstraps are mandatory and will be worn as designed by the manufacturer. Helmets may not be changed except after the inning has been completed, or the player has been retired or has crossed home plate.
- p) Shoes with metal cleats are prohibited.
- q) All catchers are required to wear a mask with throat protector, helmet, chest protector, shin guards, cup and cup type supporter during the game and during any warm-up, machine set-up, etc.
- r) In addition to wooden bats, metal bats shall be allowed in OBA play. Except with respect to diameter, these bats shall meet the dimensional requirements specified in the Official Rules of Baseball. The maximum diameter of the bat barrel may be 2 $\frac{3}{4}$.
- s) All players in uniform (Rep Rostered) must be put in a continuous batting order, with the bat person being the exception. If a player is removed from the game due to injury, illness or official ejection, the player's spot in the batting order shall be deleted. In the event a batter must be removed due to injury, official ejection, or has to leave for any reason during the time at bat, the next batter in the batting order shall come to bat assuming the pitch count at the time the batter is removed. If the batter becomes an out, such batter shall then take his/her regular turn at bat.
- t) A coach/manager may only communicate positive instructions to his/her players on the field.
- u) Up to 3 games may be played in 1 day.
- v) An inning will be 3 outs or a maximum of 7 runs.
- w) The infield fly rule does not apply.
- x) The coach operating the pitching machine is required to wear a baseball helmet. For the purposes of this rule a skull cap is considered a baseball helmet. **Penalty:** the team will be warned one time to wear a helmet and for second violation or refusal to wear the helmet, the coach will be ejected.
- y) The coach operating the pitching machine may instruct the batter before feeding the machine, but shall not instruct runners during the play. Penalty: the coach shall be warned. If the action continues, the coach will be removed from the game.
- z) Batters at 9U must drop the bat and not throw it (intentionally or unintentionally) upon hitting the ball. Penalty, each team shall be entitled to one warning per game. After the warning, any further offences by a team shall result in the batter being declared out, the ball being dead and runners returning to their bases. If, prior to the team's warning, a batter throws the bat resulting in an injury, the ball is dead and play shall be halted and the team will receive its warning. The player's at bat will continue. NOTE: The pitch will count as one of the batter's 5 strikes. If it is the 5th strike, the batter will be declared out.
- aa) Once time has been granted by the umpire, the ball is returned to the Offensive Coach within the pitching circle. At this time, the plate umpire should say "Play" to make the ball live. The defensive pitcher may ask the offensive coach for the ball so he/she can make an appeal by tagging the base or the runner and indicating to the umpire the runner missed the base/left early/etc. The offensive coach must give the ball to the defensive player when requested. As per the Official Rules of Baseball, appeals must be made while the ball is live on either the base that was missed by a runner or the runner – as long as the defense indicates clearly than an appeal is being made.

SECTION RQ2.4 APPROVED BALLS FOR 8U/9U
